Sir.

With reference to your No. 7407/932
of the 17th January forwarding for
an expression of my opinion Copy
of Government of India Resolution
Department of Finance and Commerce
No. 36 dated 8th Idem relative to certain
restrictions in the issue of Medical
Certificates to Policemen,

I have the honor to state that,
the practice of Medical officers
in Mysore in the Police as well as
other Departments is not to grant
certificates of incapacity for
further service except on the
subject being sent to them for
examination by the Head of the Offic

As regards certificates or
recommendations for leave to
Police men or others it seems to me
that Medical officers should not

be hampered by any such rule as that proposed. It may fairly be presumed that a certificate for leave would not be given unless the subject was unable to attend to his duties and that he would not be detained in a hospital except for the benefit of his health - But in as much as detention in hospital or attendance as an out door patient carries certain advantages (Vide Civil Leave Code, Section 3, Exceptions 1-2) it would be desirable that the Medical Certificate should specify whether absence from duty is recommended for treatment in hospital or for change of air.

I have the honor to be

Sir,

Referring to your Memo No. 7406/931 dated 17th January 1880 forwarding copy of letter of the Govt. of India Department Finance and Commerce, No. 36 of 8th addressed to the Secretary to the Govt. of Bengal, regarding Civil Surgeons to continue themselves to recommending leave to such policemen as are not likely to benefit by a further stay in Hospital and not to certify that a police man is incapacitated

for service unless he is officially sent for examination", I have the honor to state that the practice now in force in this Province is that no certificate of unfitness is granted to policemen unless they are officially sent for examination and that therefore I have no objection to the instructions about to be issued in Bengal being made general. —
